Rushmore Electric Power Cooperative
Rapid City, South Dakota
By: A. Bianset
Date: May 21, 2018
Scale: None
The Co-op Difference
Electric co-ops are local energy and technology providers. They are shaped by the specific needs of the communities they serve. This local, member-owned structure is one reason why cooperatives enjoy the highest consumer satisfaction scores within the electric industry.

Our Generation and Transmission Cooperatives

Guided by Seven Principles:
1) Voluntary and open membership
2) Democratic member control
3) Members’ economic participation
4) Autonomy and independence
5) Education training and information
6) Cooperation among cooperatives
7) Concern for community
